International Abortion Tribunal

On March 9-11, women and men from all over the United States and representatives from other parts of the world will gather in New York City's Town Hall for an historic event: the INTERNATIONAL ABORTION TRIBUNAL. The International Tribunal will highlight the present attack directed against the New York abortion law and the struggles in other states and countries where crises are developing. Through the personal and professional testimony of women and men, we will draw together information on the personal, social, medical and legal aspects of abortion. In the dramatic format of a tribunal, supporters of abortion rights will present their case: **ABORTION IS A WOMAN'S RIGHT TO CHOOSE!**
